THIS AGREEMENT shall become effective when properly executed by the parties, and shall remain in full force and effect through December 31st, 2025. Changes of this Agreement may mutually be agreed to at any time. The party requesting any changes shall properly notify the other party of such changes.

WITNESSETH:

NOW, THEREFORE, in consideration of the mutual promises and agreements herein contained, the parties hereto agree as follows:

ARTICLE I

SCOPE OF AGREEMENT AND UNION SECURITY

Section 1.01 - Recognition of Union

Section 1.02 - Agreement Statement

This Agreement shall have effect only on the property of the Company and shall govern all work performed thereon by the Company employees coming under the jurisdiction of the Union.

Section 1.03 - Non-Discrimination Against Union Members

- a) It is understood and mutually agreed that no member of the Union shall be discriminated against or denied employment because of his activities in legitimate matters affecting the Union.

The Union agrees that, through its agents, representatives, or members, it will not restrain or coerce any employee to become a member of the Union.

- b) For those employees, covered by this Agreement, who choose to become members of the Union, the Company agrees to deduct a set amount, on a bi-weekly basis, from the wages due each employee who has given proper authorization for such deductions by means of a written authorization. In the second pay period of the month, the Company shall withhold the International Office Per Capita amount as advised by the Union. These deductions shall be for Union dues and forwarded by the Company to the Financial Secretary of the Union no later than the tenth of the following month. Quarterly, a one-time adjustment, as determined by the Financial Secretary of the Union and provided in writing to the Company, of the deduction(s) shall be made to insure proper remittance to the Financial Secretary of the Union.
- c) The Company agrees to allow for voluntary payroll deductions for Committee On Political Education (C.O.P.E.) to be forwarded to the Union Financial Secretary monthly. The employee must sign and submit a payroll deduction authorization which shall remain in effect until cancelled or amended.

Section 1.04 – Work Stoppage, Slow-Down or Strike

During the term of this Agreement the employees will not engage in any work stoppage, slowdown or strike. The Company agrees that during the term of this Agreement, there shall be no lockouts or acts to provoke a strike.

Section 1.05 – Compliance with Applicable State, Federal Law

In the event that any of the provisions of this Agreement shall conflict with any applicable State or Federal Law or presidential regulations, such provisions shall be deemed to be modified sufficiently in respect to either or both parties to the extent necessary to comply with such laws or regulations and the remaining portion of this Agreement shall remain in full force and effect.

Section 1.06 – Successorship Clause

In consideration of the Union's execution of this Agreement, the Employer promises that its operations covered by this Agreement shall not be sold, conveyed, or otherwise transferred or assigned to any successor without first securing the agreement of the successor to assume the Employer's obligations under this Agreement. Immediately upon the conclusion of such sales, conveyance, assignment or transfer of its operations, the Employer shall notify the Union of the transaction. Such notification shall be by certified mail to the Business Manager of the Local Union and shall be accompanied by documentation that the successor obligation has been satisfied. No provisions, terms or obligations herein contained shall be affected, modified, altered or changed in any respect whatsoever by the consolidation, merger, sale, transfer or assignment of either party hereto or affected, modified, altered, or changed in any respect whatsoever by any change of any kind of the ownership or management of either party hereto, or by change, geographical or otherwise, in the location or place of business of either party hereto. This said clause shall terminate upon the expiration of the Contract on December 31st, 2025.

ARTICLE II
MANAGEMENT RIGHTS

Section 2.01 – Company Rights

The Company shall have exclusive right to manage its business and its properties and to direct its working forces, and to employ, transfer, layoff, promote, demote, discipline and discharge its employees. The Company shall be the sole judge of the qualifications and of the classifications of its employees.

All rights, powers, and authority that the Company had prior to the execution of this Agreement are retained by the Company, except those that are specifically delegated by the terms of this agreement.

Section 2.02 – Non-Arbitration of Company Rights

The rights hereinafter specifically reserved to the Company shall not be subject to arbitration.

ARTICLE III
SENIORITY

Section 3.01 – Layoffs

- (a) Layoffs from a line of progression or a job classification on account of slack business conditions shall be by company seniority.
- (b) When reducing forces by layoffs an employee in a higher job classification that is being laid off may bump another employee in a lower classification if he has company seniority.
- (c) Employees will not be able to bump into any other departments/lines of progression except for the Plant Grounds Maintenance Pool during layoffs.
- (d) When vacancies occur in job classifications from which employees have been laid off they shall be filled by recalling laid off employees who are eligible and qualified first. Such employees shall be recalled in the reverse order in which they were laid off.

Section 3.02 – Occupational Injury Leave

An employee injured while on duty shall be entitled upon recovery to former position with full seniority rights providing he is physically qualified to return to work.

If an employee becomes seriously ill and his illness extends beyond the sick leave herein provided, upon recovery he shall be reinstated with full seniority rights when he is physically qualified to return to work. However, during such absence he shall not accrue additional seniority.

Section 3.03 – Temporary Upgrading or Permanent Promotions

Temporary upgrading or permanent promotions shall be by departments. In selecting an employee for promotion, the determining factors shall be classification seniority, ability, qualifications, and satisfactory job performance as determined by his immediate supervisor. If the ability and qualifications of the employees under consideration are sufficient, the employee with the greatest classification seniority will be upgraded or promoted.

Section 3.04 – Employees Right/Armed Services

In the event employees are called to the armed services, their rights upon being released or discharged, with reference to re-employment, shall be recognized as provided by Federal or State Statutes then in effect.

Section 3.05 – Temporary Employees

Temporary Employees are employees who are employed for less than 1,000 hours in a calendar year and who are notified of this condition of employment at the time they are hired. The Company shall not “piggy back” from one calendar year to the next, the 1,000 maximum hours that a temporary employee can work. The use of temporary employees shall not result in the loss of employment of any regular employee covered under this Agreement, and further, the use of temporary employees shall not result in downgrading of any regular employees covered by this Agreement. In the event any department classification utilizes the temporary employee program for a period exceeding 3,000 “Non-Outage”/Non-Project man hours in two consecutive years, such use will be considered justification for the addition of one entry-level, regular employee to be filled through the approved bid process. Regular employees shall be given an opportunity to upgrade or work overtime before temporary employees. Unskilled temporary employees and/or seasonal help may be paid up to a maximum rate of \$10.00 per hour, or the current, applicable Minimum Wage in effect at the time, if more than the aforementioned \$10.00 per hour. The Company will not keep temporaries for the purpose of replacing permanent employees.

Section 3.06 – Job Bidding

When vacancies occur or when new positions are created within departments of the bargaining unit, the Company shall post notice on its bulletin boards for a period of seven (7) calendar days announcing that a vacancy or a new position exists. The job will first be posted for seven (7) calendar days in the department in which it is open, then for seven (7) calendar days in all remaining departments. Entry-level labor positions will be posted simultaneously in all departments for seven (7) calendar days.

- (a) Employees desiring to fill such vacancy shall submit a bid in writing to their immediate supervisor setting forth their ability and talent. The Company shall review all submitted bids. If ability and qualifications are reasonably equal, seniority shall be the determining factor. In the event no bids are received from the employees within a department where the vacancy occurred or new position was created, or no employee in that department qualifies, the Company will then post notice on bulletin boards of other departments announcing the position open. Such vacancy shall be filled within thirty (30) days after the bidding period has elapsed. In the event no bids are received from other departments, or no employee in those departments qualifies, the Company may, at its discretion, hire from outside.

The company may, at its discretion, temporarily fill the vacancy while it is considered open.

- (b) The declining of a promotion by an employee shall not prejudice his/her rights for future promotion.
- (c) If an employee who is selected to fill a Bid Job doesn't demonstrate his/her competence to perform the work of the job during the first three (3) months or if such employee does not desire to remain in the job for three (3) months, he/she will be returned to his/her former job classification and his/her job seniority and departmental service in the former job classification will be credited with the time spent in the bid job. The job classification the employee is leaving will be re-bid.

1. If an employee is returned to his/her former job classification he/she cannot bid again on the next higher job classification until after a period of six (6) months.
2. The waiting period before he/she can bid again on the higher job classification shall start the day the employee returns to his/her former job classification.
3. New employees will not be allowed to bid on jobs until completion of six (6) months service.

Section 3.07 – Outside Labor

Board of Municipal Utilities agrees the use of outside labor will not cause any permanent employee to be laid off or reduce any employee's hours to less than a forty- hour week.

ARTICLE IV

GRIEVANCE AND ARBITRATION PROCEDURES

Section 4.01 – Obligation for Continuous Service

The parties agree that the operations of the Company upon which the employees covered in this agreement are to be engaged are essential to the welfare of the community served by it and recognize their obligations to furnish continuous service.

Section 4.02 – Grievance

The Company agrees to meet and treat with the duly accredited officers and committees of the Union in the following manner on differences that may arise between the Company and the Union:

Any dispute arising between the employee and/or employees and the Company shall be handled in the following manner: The employee and/or employees who believe they have been treated unjustly shall present their grievance verbally to his or her immediate Supervisor. A union steward may be present at this discussion. In the event that a satisfactory settlement is not reached at this step, the grievance shall then be reduced to writing on a form agreed to between the Union and the Company and filed within ten (10) days of the incident unless unusual circumstances are involved. The written grievance shall be in triplicate.
2. The three copies of the written statement of grievance will be presented to the Department Superintendent, who upon receipt of the written statement of grievance will meet with the aggrieved employee and/or employees and the Union Steward and make an earnest attempt to reach a satisfactory settlement. In the event no satisfactory settlement is reached, the Department Superintendent will respond in writing in the space provided for on the grievance form.
3. In the event that the grievance has not been satisfactorily settled in (b) of this procedure, the three copies of the written grievance, with the Department Superintendent's written answer, shall be dispersed in the following manner:
 - One copy shall be forwarded to the General Manager of the Company.
 - One copy shall be forwarded to the Business Representative of the Union by Steward, and
 - The employee and / or employees shall retain one copy.

Upon receipt of written statement of grievance, the General Manager and the Business Representative of the Union shall arrange a meeting date to review the grievance and make an earnest attempt to reach a satisfactory settlement. Either party may have a committee present at this meeting. In the event that a satisfactory settlement is not reached at this meeting, the unresolved dispute shall be referred to an impartial arbitrator for decision and award.

An authorized Company holiday shall not constitute a vacation day, and whenever an authorized holiday falls within an employee's vacation leave, he will be entitled to one (1) additional day beyond the regular vacation period.

Section 5.06 - Anniversary Date

The anniversary date of the individual employee will be the determining basis for the amount of vacation to which an employee is entitled.

A new employee will accrue, up to a maximum of ten (10) days, one (1) vacation day for each month worked. Such accrual will begin on his date of employment and end with the calendar year. A full day's vacation credit will be given to the employee when his employment begins on or before the tenth day of the month, any date thereafter will constitute a half-day's credit, as long as the employee has worked a minimum of five (5) days.

In the next succeeding calendar year, an employee, if he desires, may take before his anniversary date, any vacation he has accrued. After his anniversary date, he will be entitled to receive the balance between those days accrued and the ten (10) days he is entitled for completing one year's service with the Company.

Employees shall be allowed to take a vacation at a later date even if it extends into a new calendar year. In no event will an employee completely lose a vacation due to company rescheduling or plant outages.

ARTICLE VI

SICK LEAVE

Section 6.01 - Sick Leave Accrued

Sick leave for employees will be accrued in the following manner:

1. Those coming to work between the 1st and 10th of the month will receive one (1) full day of sick leave for the first month of employment, and one (1) full day for each month thereafter.
2. Those coming to work after the 10th and through the end of the month will receive one-half (½) day of sick leave for the first month of employment and one (1) full day for each month thereafter.
3. Must be employed at least five (5) days during the first month of employment to receive any sick leave.
4. May accrue sick leave up to a total of 960 hours.
 - (a) In the event of illness, the employee will receive one (1) hour straight time pay for every scheduled working hour until the accumulated total of sick leave has been used. Sick leave privileges accumulated during a sick leave absence will be credited to the employee for that absence if the employee had available sick leave privileges at the beginning of that absence.
 - (b) Employees may use accumulated sick leave for necessary medical, dental, and optical examination and treatment provided:
 1. Such reasons shall not exceed the actual time necessary for examination and treatment.
 2. They cannot be scheduled outside of the employee's scheduled working hours.

3. Permission for sick leave for the above reasons shall be obtained at least two (2) days in advance, except in emergency situations affecting the employee's health.

Section 6.02 – Sick Leave/Family Illness

Employees may use accumulated sick leave in the event of serious injury or illness in an employee's family. Accumulated sick leave may also be used to take a family member to a licensed health care professional, and a doctor's certificate shall be required. Family shall be defined as follows: wife, husband, natural / step / adopted child, or other relative living in the same household.

Section 6.03 – Doctor's Certificate

An employee who is absent and requests sick leave to cover:

1. Serious injury or illness in an employee's family.
2. Medical, dental, and optical examination and treatment may be required to certify as a condition of granting, that the absence was due to the above-mentioned reasons listed in No. 1 and No. 2 of Section 6.01, 4. (b).

An employee who is absent for a period of more than three (3) consecutive working days or consistently for shorter periods and requests sick leave to cover such absence, may be required to furnish a medical doctor's certificate, as a condition of granting, attesting to the fact that the employee's absence has been due to sickness or injury and is unable to work.

For the purpose and application of this Section, "consistently for shorter periods" shall be interpreted and applied as follows:

1. Beginning in the month of January, 2022, and thereafter, the annual earned sick leave for the previous three (3) calendar years shall be identified for each employee. For employees who have utilized more than seventy percent (70%) of such allowance, they shall have such absences subject to review by the Personnel Manager. If, upon review, determination is made that there were legitimate absences that would establish the employee's usage above the aforementioned seventy percent (70%) threshold, then no action is required. Should there not be credible, reasonable, explanations for such absences in excess of the seventy percent (70%) threshold for the entire three (3) year period, then the employee shall be required to furnish a medical doctor's certificate for all such future absences, until the next annual review, at which the usage is calculated and evaluated to determine continuation or cessation of being on the "required" list.

In order to fully validate the reasons given for possible qualified absences, the Company may require documentation certified by the qualifying medical personnel and / or facility, to be confirmed by a Company representative.

Section 6.04 – Half-Pay Provisions

Unused sick leave shall be cumulative and available for an employee's future use, provided that the balance to the credit of an employee shall not exceed one hundred and twenty (120) days. If an employee's illness extends beyond sick leave hereinafter provided, he shall receive further compensation as follows:

For the period beyond the sick leave provided, but not to exceed in any one calendar year or for the same illness, one calendar week (40 hours) for each year of service with the Company. He/she shall be paid at one-half base pay for his/her classification. This one-half pay provision shall be available only if the employee had an unused and accumulated sick leave balance of equal to or greater than the product of 48-hours times his years of service, or had a minimum accumulated balance of 160 hours, prior to the beginning of his illness.

Section 6.05 – Sick Leave Restoration

An employee who is absent on sick leave shall have an equivalent number of days of sick leave restored provided the following conditions are met:

1. The time off exceeds six (6) consecutive working days (48 hrs.);
2. The time off is necessary as certified in writing by a medical doctor; and
3. The employee completes twenty-six continuous weeks of active service upon return to work after such illness or injury.

The twenty-six (26) weeks continuous service as outlined in this section shall be deemed broken when an employee requests a leave of absence. For the purpose of this section, leave of absence shall be defined to include sick leave, vacation leave (as described herein) and dock time. Active service shall not be deemed broken when an employee is subpoenaed as a witness, summoned for jury duty, serves as a pallbearer, utilizes a personal day, or is absent for death leave as herein provided.

Vacation leave will not be considered as a leave of absence if an employee has vacation scheduled three (3) days in advance of said vacation. Additionally, an employee shall be allowed to utilize vacation a maximum of two (2) times during any restoration period for occurrences that arise when a three (3) day notice could not be given to the Company. Further, a break in service will not occur if an employee uses the equivalent of one day (8 hrs) of sick leave for necessary follow-up medical visits, provided the attending physician attests to the fact that such visits are necessary and related to the original illness. A break in service will not occur if an employee uses no more than 3 hours cumulative for an on the job injury.

If an employee has had sick leave hours restored under this provision, those hours must be reimbursed to his/her accumulated sick leave before he/she is eligible for the buy-back provision for those employees who have reached a maximum accumulated sick leave of 960 hours.

Upon termination from the company, an employee, who has had sick leave restored during his/her tenure of employment, shall have the number of hours restored deducted from his/her total accumulated sick leave, unless such sick leave restored has been previously reimbursed as described in the preceding paragraph.

Section 6.06 – Temporary, Seasonal Employees

Temporary, seasonal, emergency, part-time, and contract employees shall not accrue sick leave.

A temporary or seasonal employee, who is retained as a permanent employee, without a break in service, shall accrue sick leave from the date of temporary or seasonal appointment.

Section 6.07 – Holidays and Regular Days Off

Accrued sick leave shall represent working days. Authorized holidays and regular days off occurring during a period of sick leave shall not operate to reduce the amount of accrued sick leave.

Section 6.08 – Advance Sick Leave

The head of a department may request that an employee be given an advance of sick leave, not to exceed thirty (30) days, provided said employee has been a satisfactory employee of the Company for a period of at least one (1) year. The request shall be in writing and shall offer adequate justification for the request. The General Manager may authorize the advancement provided there is reasonable chance that the employee will be able to offset the advance by future accruals.

Any employee who is indebted to the Company for sick leave advancement but not accrued at the time of his separation shall whenever possible have his final pay deducted sufficiently to offset the indebtedness.

Section 6.09 – Separation From Company

When an employee leaves the service of the Company, the Company will reimburse the employee for all accumulated unused sick leave at a rate of forty percent (40%) of employee's current rate of pay at time of separation.

In order to receive this benefit, the employee must have reached, at some point in his/her employment, an accumulation of sick leave of at least five hundred (500) hours.

Section 6.10 – Sick Leave Buy-Back Provision

At the beginning of each year, the Company will either 1) buy back all of the unused sick leave hours accumulated above nine hundred and sixty (960) hours during the preceding year at fifty percent (50%) of the employee's rate of pay in effect at the beginning of the calendar year in which the payment is made, OR, 2) buy back all of the unused sick leave hours accumulated above nine hundred and sixty (960) hours during the preceding year at twenty five percent (25%) of the employee's rate of pay in effect at the beginning of the calendar year in which the payment is made, AND, place into the employee's vacation fund, an amount equal to the total number of accumulated sick leave hours above nine hundred and sixty (960) multiplied times twenty five percent (25%).

Section 6.11 – Sick Leave Abuse

The Company and Union agree that occasionally, issues arise which may cause the need for investigation and examination of sick leave usage by employees due to certain instances or circumstances. These occurrences could be solitary in nature, or may possibly transpire over an extended duration. Nonetheless, this Section is designed to provide for a fair equitable process to examine and review an employee's sick leave usage to ensure the sick leave benefit is not being misused or abused.

For any instances arising that necessitate immediate review, or for extended, "patterned" usage – interpreted and applied under this Section to be using more than ninety percent (90%) of accrued (earned) sick leave over the previous three (3) year period, they shall have their usage reviewed jointly by the Company's Personnel Manager and the Union's Business Manager (or their designee) along with at least one additional person appointed by such, preferably someone not in direct working relationship with such affected employee.

If, upon review by this joint Committee, it is determined that the sick leave benefit has been abused or misused, a recommendation for a reduction or elimination of the employee's sick leave shall be made by the Committee to the Company's General Manager for his or her consideration of action.

The application of the language change in this Section is to become effective on January 1, 2022, wherein the first examination relative to the ninety percent (90%) reviews shall take place.

Section 6.12 – Illness During Vacation

Operations department rotating shift employees shall report back to the Shift Supervisor on duty before returning to work at least eight (8) hours before his scheduled shift, or next day of work starts, that he is ready to return to work. Failure to give such notice will result in the absence being charged to leave without pay.

Section 6.14 – Parental Leave

In an effort to allow employees an opportunity to spend time with new members of their family, the Company agrees to allow five (5) consecutive work days of paid leave for mothers and fathers, per incident, giving rise to such need.

This paid leave applies to mothers, fathers, adoptive parents, legal guardianship, and foster parents, is not to be deducted from any other accrued or paid leave allowances afforded the employee, and such leave shall begin upon the child's placement into the home.

For an example, if an Employee's regular net basic pay check is \$397.00 per week prior to his/her injury and if his/her Workmen's Compensation weekly benefit is \$150.00, then the Company will pay \$167.60 per week during the ten-week period, which will enable the employee to receive \$317.60 per week (which equals 80% of his/her net basic pay). At the employee's option, they will be allowed to supplement their pay the first four (4) weeks during this 10-week period with sick leave and/or vacation, in order to obtain a full-time, regular weekly basic paycheck.
