ARTICLE III

UNION RECOGNITION

Section 3.1

The business manager or his representative shall be allowed access to any job for a reasonable length of time where employees are employed under the terms of this Agreement.

ARTICLE VIII

SAFETY

Section 8.1

With respect to the Union and the employer, it is the employer's exclusive responsibility to insure the safety of its employees and their compliance with safety rules and standards. The Union will lend its full support and encouragement to the practice of safety by employees. Section 8.2

A joint safety committee consisting of one (1) Union and one (1) management representative from each department (i.e., highway department, ambulance department, Dispatch and all positions in the Sheriff's Office, and the Courthouse/Judicial Center) shall be established to review the safety rules. It shall meet regularly on a monthly basis or at such intervals as the joint safety committee agrees, provided, that at a minimum, the committee shall meet as frequently as required by the County's insurance carrier. The joint safety committee shall meet in the afternoon or as the committee shall otherwise agree. The committee shall meet during regular working hours, provided that any ambulance personnel or any other position requiring emergency response shall respond to all calls received irrespective of whether the joint safety committee is meeting, and no Dispatchers will be removed from the radio switchboard for the purposes of the joint safety committee meetings.

Section 8.3

The employer will inspect at regular intervals all tools used by the employees. Tools which do not meet safety standards will be replaced or repaired by the employer to meet applicable safety standards.

ARTICLE IX

HIRING, DISCHARGE AND DISCIPLINE

Section 9.1

New employees, part-time employees becoming full-time employees, temporary employees becoming full-time employees, or any employee with the county that transfers to a different department, shall be employed as a full-time employee on a probationary basis for the first six (6) months of employment. During the probationary period an employee may be discharged for any reason whatsoever without any recourse under this Agreement, and, in particular, resort to the grievance procedure or binding arbitration.

In the event the County is unable to fully evaluate a probationary employee during the six (6) month probationary period, the County may request to extend the probationary period an additional six (6) months. For the extension to go into effect, the County, the employee, and the Union Representative must agree to the extension in writing. Probationary period extension does not change any other benefits due to the employee after six (6) months of being on the job.

Section 9.2

Subject to Sections 9.3 and 9.4, employees may be discharged for just cause only. The parties recognize, however, that certain positions within the County, including the Chief Deputy to the Treasurer, Supervisor of Assessments, the Chief Deputy Recorder to the County Clerk, and the Secretary to the State's Attorney are positions which require the elected officials in each of those offices to have complete confidence in the abilities of the person occupying that position and that employee's complete support of the elected official. The elected official in each department shall have the right to terminate the employee holding the positions referenced above if that employee intentionally takes action or fails to take action which has a damaging influence on the

elected official. If the act is unintentional, the elected official may impose such discipline as is appropriate under the circumstances.

Section 9.3

The County and all persons acting in management capacity for the employer, shall have the right to immediately discharge any employee for any of the following reasons:

- A) unprovoked or unjustified assault or battery of a supervisor, fellow employee, or other person while the employee is on duty;
- B) the use of alcoholic beverages or illegal narcotics or drugs, when at work or during work hours.
- C) conviction of any felony whether committed on-duty or off-duty;
- D) intentionally making a false statement on the application for employment;
- E) failure to pass any required testing, or failure to maintain required certification in accordance with state and federal regulations.

The grounds for immediate discharge contained in this section are not exclusive.

Section 9.4

The County, its officers and supervisors/department heads, may establish reasonable written work rule(s). If the work rule(s) is/are posted in a conspicuous place or if they are distributed to employees, ignorance of the rule(s) will not constitute a defense to a violation of such a rule.

Section 9.5

Each employee who operates county vehicles shall have a valid driver's license or special permit in the correct classification for the type of equipment operated. The employee shall pay for obtaining and maintaining a regular driver's license. The county will reimburse the employee for any additional license fees required to maintain a commercial driver's license (CDL), change endorsements and obtain special permits, provided that these are license changes that are job related. The employee is to immediately notify the department head if his/her license becomes invalid, suspended, revoked or lost. Failure to report the above information will result in disciplinary action and/or suspension.

If an employee is convicted of driving while under the influence or has his driving privileges suspended or limited, the supervisor or elected official who supervises that employee shall have the right to assign that employee to another position, if available, so that the County's insurance rates or exposure to liability are not increased. If no position is available for that employee, the elected official or supervisor may suspend the employee during the period of disability (such as revocation of license to drive). If the supervisor or elected official is unable to find a temporary replacement for the worker, that worker may be permanently replaced. An

employee suspended or reassigned under this section may not exercise seniority bumping right. Nothing in this section precludes any County supervisor or elected official from taking appropriate action to prevent increases in insurance rates or exposure to liability.

Section 9.6 POSITIVE DRUG AND ALCOHOL TESTS

Any employee that tests positive for alcohol, and is governed by a licensing agency, will follow the guidelines of their licensing agency. All other employees that test positive for alcohol will be placed on Probation, for their first offense, for a period of ninety (90) days, and be required to undergo alcohol evaluation and treatment, for their first offense. A second offense will result in automatic termination of the employee.

Any employee governed by a licensing agency, that tests positive for cannabis, will follow the guidelines of their licensing agency. If the guidelines of their licensing agency, suspends the license of an employee then the employee shall be suspended without pay from the county until their license is reinstated. If the licensing agency revokes an employee's license, then the employee's employment shall be terminated upon revocation. All other employees who test positive for cannabis will be placed on probationary status, for their first offense, for a period of twelve (12) months and require an evaluation and treatment. A second offense will result in automatic termination of the employee. The employee will receive any benefits accrued under this bargaining agreement until the time of termination.

A positive test for any other controlled substance will result in automatic termination of any employee.

It shall be the responsibility of the employee to obtain evaluation and treatment by a licensed provider in the State of Illinois, or as required by the licensing agency, and follow the recommended treatment at the employee's cost. Any employee undergoing such treatment shall waive any rights of confidentiality. Probationary status has the meaning as listed in Article XXIII, Section 23.1.

ARTICLE X

JURY OR WITNESS DUTY

Section 10.1

If called for jury duty or as a witness in a jury trial, all employees shall receive full pay for each day of jury service, less the amount of money reimbursed from the government agency or the party subpoenaing the witness, provided the employee returns to the work assignment during such regular work hours as their services are not required in court. Upon approval by the department head and the County Board, the leave may be extended an additional three (3) months. Failure to report at the pre-arranged end of the leave, unless an extension is requested, shall be grounds for termination. A leave of absence for the purpose of working elsewhere or seeking other employment will not be granted.

Acceptance of gainful employment while on approved leave will result in termination plus loss of seniority, unless the employee has first obtained written approval for such other employment from his/her department head and has also obtained the approval for such employment from the County Board.

ARTICLE XXII

PERSONAL USE OF COUNTY VEHICLES

Section 22.1

In some instances, the job responsibilities of an employee are such that a vehicle is issued to assist in carrying on the work. In these instances, it is permissible for the employee to use that vehicle for transportation to and from work.

Section 22.2

The use of a County vehicle for a trip that is specifically personal in nature is forbidden. Since this policy is difficult to police, an employee so involved should keep in mind that such use of County vehicles only serves to increase County costs and to lower the image of the County in the mind of the taxpayer.

Section 22.3

Employees who have vehicles assigned to them should see that they are properly licensed to operate the vehicle. The employees also should:

- a) See that each unit is serviced as recommended by the manufacturer and proper maintenance is provided;
- b) See that state inspections are taken care of at the proper time;
- c) See that the unit is kept clean and presentable at all times;
- d) See that the unit is not used out of the County during off-hours unless authorized by the County Board;
- e) See that the unit is not used for personal use other than transportation authorized by the County Board;
- f) See that only county employees or non-county employees being transported while such county employee and non-employee are performing county business are transported in county-owned vehicles;
- g) The financial responsibility of (a), (b), and (c) above shall be that of the County.

ARTICLE XXV

ADJUSTMENT OF GRIEVANCES

In the event the dispute is not settled in this manner, it shall be reduced to writing and presented to the management representative immediately supervising the employee by the Union steward. This written notice shall contain a statement of the alleged violation. The employer's answer will be given in writing to the local Union steward and the employee involved within ten (10) working days after the receipt of the Union's written notice.

Step 2: In the event the reply given under Step 1 above is not satisfactory, the matter shall be presented to the appropriate employer representative by a business representative, or his appointed representative, of the local Union within ten (10) working days of the employer's reply. They shall meet within a reasonable period of time in an attempt to resolve the grievance. The appropriate employer representative shall furnish the business manager of the Union an answer in writing within ten (10) working days after such meeting.

Step 3: Where differences are not satisfactorily adjusted under Step 1 or Step 2 above, the Union may request a meeting with the Chairman of the Board and/or his appointed representative. Section 25.3

- A) If the Union fails to meet the time limitations as set forth above, the County may notify the union business representative in writing that the Union has failed to comply with such provision and the automatic forfeiture provisions contained in this section will be invoked. Section 25.7

Any individual employee or group of employees may present grievances to the employer and may have such grievances adjusted with the employer without intervention of the Union, as long as such adjustment is not inconsistent with the terms of this Agreement. The employer shall notify the Union about all such presentations, and the Union shall be given a reasonable opportunity to be present at such adjustment.

Section 25.8

To the extent reasonably required, but subject to rules and regulations of the State Labor Relations Board and such legislation as may apply, the employer agrees to permit Union stewards to confer with the employer's representatives during working hours without loss of pay.
