IBEW 702 / Ameren Great Rivers - West Vote

*****ATTENTION*** ***VOTE NOTICE*****

Immediately before the holidays Ameren made another offer to extend the CBA until June 30, 2029. The extension includes wage increases of 3.50% in year one, 3.25% year two, and 3.00% year three. Ameren also offered to extend retiree medical benefits beyond the current expiration date. There are no concessions for members to consider and no other changes to the current CBA. \$1,000 ratification bonus for all members.

The System Council has agreed to bring the offer back to the members for a vote and has also decided to recommend a YES to ACCEPT the offer as proposed.

We will work to provide an opportunity for all members to vote on company time and near their normal OC locations for only specific periods of the designated voting day. We will also provide a centralized location available in the evening for members to vote outside of work if they prefer or miss their local voting period.
